Dear Parents/Carers,

MyConcern

MyConcern is a reporting system that we use in school to enable our students and parents to report any safeguarding concerns they may have. We understand that some students may not feel comfortable speaking to an adult or may want to tell us about an issue outside the normal school hours. This platform provides a secure and quick way to reach out to us and alert of us of any concerns. Any report made to MyConcern will send an automatic alert straight to our safeguarding team. A member of the team will be able to read and take the relevant action in a timely manner. Parents/carers can use this [link](#) and QR code to the right to report a concern to the team

Year 11 - 10 week plan

In the second of our 'Strategies to Success' assemblies we shared the 10 traits that make a highly successful person and students discovered how our memory works and how to plan an effective revision timetable. Form tutors and subject teachers are discussing this in more detail with your child and our students will be producing their own revision timetable in the template in their log books. As homework is revision set by experts, students will be adding their homework slots first, then adding any targeted intervention sessions from the timetable that has begun this week. If appropriate, students may also add sessions where they will be completing independent revision to support their learning.

Key Stage 4 Course Information Evening

Tomorrow we are hosting our Key Stage 4 Course Information Evening for Year 10 parents starting at 5.30pm. This was an important evening where information about our KS4 examination courses, controlled assessments, homework and exam dates will be explained. If you are not able to attend the meeting, we will distribute the information to all parents.
